Come and join Mayli D. Levin M.Ed., homeschooling since early 1990s, and a community of homeschoolers to compare notes about homeschool high school (and have healthy yummy food!) Mayli's kids graduated homeschool high school with high honors, associate's degrees and scholarships awaiting. Her youngest daughter was accepted into an ivy league school, but chose to graduate UCSC at 20 years old Summa Cum Laude in Business Economics. There are as many paths as there are learners. Let's explore together! BRING YOUR TEEN!

At With Love Market and Cafe 1969 S. Vermont Ave, Los Angeles, CA January 13th at 3pm.
