Why do we now need a visitor pass to enter the Naturescape and Wild Wonders?

For over 13 years, the Howell Nature Center has had a suggested donation to use our Day Use facilities. Some people have been very generous, some have not. Due to increasing costs of maintaining our popular facilities and caring for the park's animals, we must now request this donation.

Every dollar we do not receive to maintain our Day Use area means possible funds being diverted from our Wildlife Rehabilitation Program - a vital and FREE community service which provides veterinary care to injured local wildlife. We hope to continue to provide all of these services to our community and your support helps us greatly. **THIS YEAR WE WILL TAKE IN OUR HIGHEST NUMBER OF WILDLIFE REHABILITATION PATIENTS EVER, OVER 2600 TO DATE (November 2016)**

The Howell Nature Center is a non-profit organization which receives NO funding from the City of Howell, State of Michigan or the US Government. We rely solely on the value support of people like you.
