

Mansfield Summer Achievement Academy

There are still openings for the Mansfield Public Schools Summer Achievement Academy in all grades. We welcome you to strengthen your reading and math skills this summer with our great staff. We will work around the Common Core Standards to help your child build confidence in the strategies and skills that were presented in their current grade. Students work in small groups which keep them focused and on task. Students who have come in the summer show evidence of improvement in both their levels and their confidence in themselves as well as the next grade. The “summer slide” affects most students but this program helps to alleviate some of this. Not only are we seeing them for 4 days a week for the month of July. We also give them a packet that they can continue to build their skills in August.

The program runs from July 5th until July 28th. It is held Monday through Thursday each week. The Reading portion of the program runs from 8:30 -10:15 and the Math runs from 10:45 - 12:30. Those taking both programs will have a snack time and a short recess from 10:15 – 10:45. Due to the holiday this year, the first week will be Tuesday through Friday. The other 3 weeks will be Monday through Thursday.

Parents of students in the program have stated that their child feels much more confident in the next grade. They feel they are stronger in their reading skills as well as Math skills. Fast facts are a definite focus of our math program and students score higher in September due to their hard work in the summer.

This summer we are going to add some new ideas with a Spirit Day each Thursday. We want to stress to children that even though this is in school there is so much more going on. Having time to add some of the extras like building words, math fact games, and more help them to see that they are learning while still having fun. They enjoy coming and most are sorry when the four weeks are over.

We are able to coordinate with the Mansfield Recreation Dept to transport students across the street before and after the program. This allows children who go to Memorial Park in the summer the opportunity to come to the Summer Achievement Academy as well. We also pick up from the Champs program if your child needs to be dropped off earlier in the morning.

We accept students from the Mansfield Public Schools as well as students from surrounding communities. Feel free to contact Mrs. Patricia Coyne if you need an application or for further information.

If this sounds perfect for your student then consider signing up for the program. Applications are on the Mansfield Public School website in the e-backpack or you may email Mrs. Coyne at the Jordan Jackson patricia.coyne@mansfieldschools.com for an application. Scholarships are available if needed. Please email your request to Mrs. Coyne.

Thank you for considering the Summer Achievement Academy
