

## Joint Symposium: University of Michigan-Michigan State University-Wayne State University

University of Michigan: Michigan Institute for Clinical and Health Research; Michigan Alzheimer's Disease Center;

East Ann Arbor Health and Geriatrics Center; Michigan Older Americans Independence Center;

Michigan State University: College of Human Medicine; Wayne State: Institute of Gerontology

## “Advances in Health and Aging Research Across the Translational Spectrum”

Building networks of cross-disciplinary translational research in aging across Michigan

**Tuesday, October 30, 2018**

Wyndham Garden Inn  
2900 Jackson Ave.  
Ann Arbor, MI 48103

### Schedule of Events

<b>Reception and trainee poster set up (<i>light breakfast will be provided</i>)</b> <b>8:00am - 9:00am</b>
<b>Plenary session- Aging Translational Science</b> <b>9:00am - 10:30am</b> - Amanda Woodward, Ph.D. (Michigan State University)- “Preliminary Outcomes and Lessons Learned from the Michigan Stroke Transitions Trial” - Vicki Freedman, Ph.D. (University of Michigan)- “Implications of Population Aging for Translational Disability and Care Research” - Louis Penner, Ph.D. (Wayne State University)- “A Hidden Agenda: Racism, Race, and Medical Interactions with Cancer Patients”
<b>Short networking presentation session 1- Assessments and interventions</b> <b>10:45am - 11:45am</b>
<b>Lunch and trainee poster session (<i>meal will be provided</i>)</b> <b>12:00pm - 1:15pm</b>
<b>Short networking presentation session 2- Influences on function</b> <b>1:30pm - 2:30pm</b>
<b>Plenary session- Panel: opportunities for funding in aging research</b> <b>2:45pm - 3:15pm</b>
<b>Adjourn</b> <b>3:15pm</b>

### Short networking presentation sessions: introduce yourself, your work, and NETWORK (tentative topic areas)

#### **Session 1: Using assessments and conducting interventions in older adults:**

Proposed areas: a) Biomarkers; b) Physical; c) Cognitive; d) Mood

#### **Session 2: Key Influences on function in older adults:**

Proposed areas: a) Health disparities; b) Access to services/transportation; c) Environment (esp built); d) Comorbidity

We encourage participants, **PARTICULARLY JUNIOR FACULTY**, to choose one of the 4 area concentrations in each breakout sessions. Each participant chooses at least one breakout session in which to present a short (3-5 min) introduction of their work. Participants are requested to submit a 1-2 slide or storyboard (both to be reproduced onto standard 8.5 x 11 inch paper) to share with the group during the introduction.

To register for this event, please R.S.V.P. to Katie Hildebrand at  
[kkovalic@umich.edu](mailto:kkovalic@umich.edu) or 734-764-2719 by October 16th.
