Secure Your Property With The

WP2 Series Wall Pack by ActiveLED®

SECURITY AND ENERGY SAVINGS TOO!

The ActiveLED® WP2 Series Wall Pack offers highly engineered optics and a sleek contemporary design ideal for security, pathway and perimeter lighting. With 150 Lumens per Watt and 5,861 Lumens, the 39 Watt,* WP2 Series Wall Pack provides nearly 1,000 sq. ft. of light coverage. The fixtures come with a full 10 year, No-Light-Loss Warranty - providing the building owner with over a decade of energy and maintenance savings. Applications include: Warehouse, Retail, Industrial, and Commercial Locations.
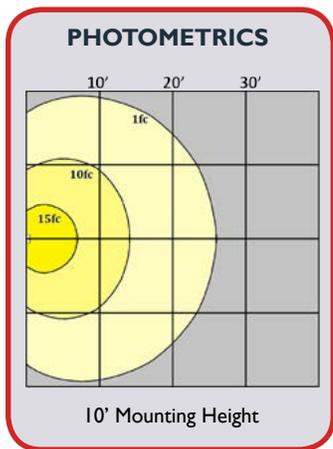

WP2UE With Battery Back-up

BATTERY BACK-UP

The WP2 Series Wall Pack is also available with an integrated battery back-up. This option couples the fixtures incredible light output with the safety and performance to deliver an incredible 3 hours of full operation ability in the event of an AC power failure.

MOTION AND PHOTOCELL SENSORS

The WP2 Series Wall Packs come standard with a built-in Dawn-to-Dusk Sensor ensuring that lighting is turned on only when and where it's needed. These fixtures are also available with Motion Sensors that can provide the added benefit of Real-Time Deterrence; instantly bringing lights from an off or dimmed level to full when motion is detected,

LUM-INTENSE ™

The WP2 Series Wall Packs also feature LUM-INTENSE™, a new LED lighting luminaire technology that combines recent advancements in LED Modules, Drivers and Optics to punch an intense amount of light out of smaller LED fixtures. Designed to give significantly more Lumens per Watt, this technology delivers more Foot-candles at Task Level while eliminating most glare and light pollution often associated with many other styles of LED fixtures.
