

CEPA Reporting: How to find an MSDS by Regulatory List

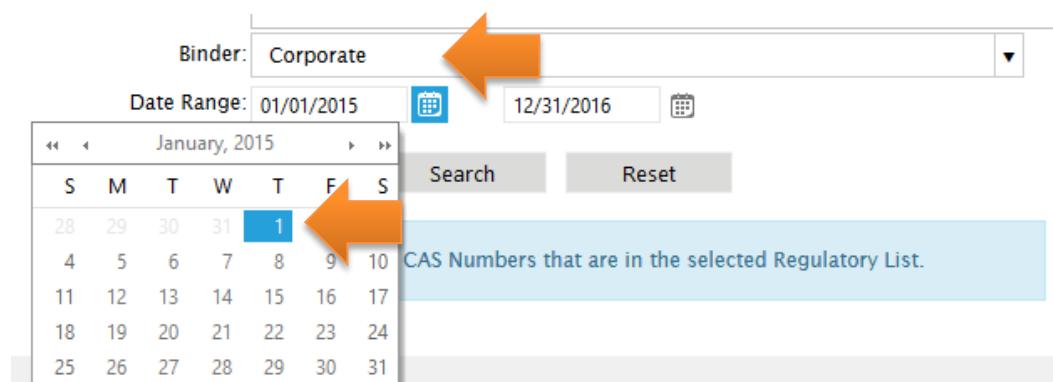

1. On the menu bar go to **Reports** and select **find MSDS by regulatory list**.

2. Select the **regulatory list**. For example, select **CEPA 71 Carboxylic Acid Anhydrides Group Dec 2017**.

3. Search by the **corporate binder** to get results on all products for the company. If the report requires a date range input the **range** (i.e. for Jan. 1, 2017 to Dec. 31, 2017). Select **search** to obtain the results.

4. All the products that contain a CAS number on this Regulatory List will be displayed. You can download this list to a PDF file or excel document.

2 Products were found.

Product	Supplier	Issue Date	Matching CAS Numbers	Reportable Quantity	Conc.	Matching Binders
FIBERFRAX LDS MOLDABLE CERAMIC FIBER	Unifrax Corporation	02/12/2015	· 142844-00-6 (Refractory ceramic fibre)	100	20-25	· Corporate · Corporate - ACME Explosive Devices (CA)
Ink	Trakwest Solutions Inc.	04/29/2016	· 7758-97-6 (Chromic acid (H2CrO4), lead(2++) salt (1:1))	25	10-30	· Corporate · Corporate - ACME Explosive Devices - Global HS (CA) · Corporate - Birchwood - Birchwood Waste Division (CA) · Corporate - Birchwood (CA)
