

## 10th International Costello Syndrome Family Conference Sponsorships

**MISSION:** *To overcome the challenges of Costello syndrome*

Costello syndrome is one of the rarest of rare syndromes. This genetic disorder can affect every system in the body, resulting in complex and critical health and developmental needs. The Costello Syndrome Family Network (CSFN) works hard to connect every family of a person with Costello syndrome with the information and support needed to lead optimal lives; to raise awareness among physicians, researchers and the general public; and to support relevant research.

### About the Conference

The biennial conference continues to be a model among rare disorders. We join together individuals with Costello syndrome and their families with researchers and clinicians in one place at one time for back to back events.

- *Physicians* learn more about how to treat symptoms and gain a greater understanding of the breadth of the disorder through research and talking with individual families. They can compare notes with other physicians and hear from scientific experts about the latest research that sheds light on the scientific underpinnings of the disorder.
- *Researchers* hear presentations on colleagues' recent work and can learn from and collaborate with experts in other fields. They gain insight into the clinical aspects of the disorder and witness the medical ramifications of what they discover in the laboratory.
- *Families* have a unique opportunity to be seen by the world's greatest experts in Costello syndrome and contribute directly to the search for a cure/treatment by providing their information, their health history and even their own DNA. They meet with experts one-on-one and share their expertise through lectures. They learn from each other by sharing experiences and truly find they are not alone-- that others understand exactly what they have been going through.

You have the opportunity to partner with CSFN by offering your support to help make this all possible at the 2017 conference in Orlando by becoming one of our Sponsors!

### Partnership with Costello Syndrome Family Network brings you

- Unique recognition on the conference printed materials.
- The grateful appreciation of families who are struggling with medical bills and often fragile children.
- A 100% investment of your donation in the sponsorship of your choice. Costello Syndrome Family Network, a 501(c)(3) nonprofit organization, and all donations go directly to pay for the expenses of the conference.

**10th International Costello Syndrome  
Family Conference  
Orlando, FL USA
