

Hello Representative XXX or Senator XXX,

My name is \_\_\_\_\_.

I live at \_\_\_\_\_.

I am calling/ writing to let you know that I care deeply about affordable rental housing for poor households in my community.

- Our community is struggling with a rental housing crisis.
- As you consider federal spending and tax legislation, please protect and expand HUD's Section 8 rental assistance and the Low Income Housing Tax Credit.
- Currently only one in four low income people who are eligible for federal rental assistance receive it.
- Most people who receive rental assistance are disabled or elderly.
- Protecting Section 8 rental assistance is critical to ensure that poor families, seniors, and the disabled in our community have access to affordable housing.
- Creating and repairing affordable housing should be part of infrastructure legislation.
- Affordable housing creates well-paying jobs and opportunities.

Thank you for considering my concerns.
