Basic Farm Business Management Planning

A Quick Overview for Success

A 2 1/2 hour class on business planning and farm business management designed to help your agricultural business achieve success. We will teach you how to avoid some of the pitfalls that strike many small businesses and connect you with helpful resources, help you find out about regulations and build a business plan to attract financing.

This class will be repeated in different locations throughout the year, serving as a valuable springboard to gathering production knowledge and information.

Instructor will be:

Sandy Buxton, from the Capital Area Agriculture & Horticulture Program, with 22 years of answering business, tax and planning questions.
