The Shelton High Robotics Team competes as Team 5295 in the [Newton division](#) against teams from Brazil, China, Israel, Mexico, Turkey, and the United States.

There will be 400 FRC teams competing in six divisions named for famous scientists: Carver, Galileo, Hopper, Newton, Roebing and Turing. The division winners play the finals Saturday April 22nd on the Einstein field.

After the competition, on Sunday April 23rd the Team will tour NASA Johnson Space Center with a woman space scientist arranged by Jeff Slakey of KMAS & iFiberOne.

FIRST™ Robotics was started in 1989 by inventor Dean Kamen to make science a sport. [Kids have so much fun they do not realize they are learning how to solve problems via critical thinking.](#)

In Mason County, there are FIRST Lego League robotics teams at Olympia Middle (6-7) and Pioneer (4-8) Schools for the grades indicated.

Students competing at the World Championships are team captain Jaeden H., Abbie A., Carolynn C., Dylan R., Kiery E., Jacob H., Kirstin G., Robert G.-A., and Tristin N. The adults attending are Coach J.Wright, A.Walker, A.Hospador, F.Newby, K.Hansen and R.Clarey.
