

**St. Joseph School of All Saints Parish
Clubs 2016-2017**

Dolma

Art Club

Mrs. Smith

Art Club is perfect for students in grades 6, 7, and 8, who love art and want to explore different mediums that we cannot cover in class.

First Session: "Crayon Melt Art" will be held on 12/2, 12/9, and 12/16 after school until 4:30. The fee is \$10.00 which will cover the cost of the supplies and materials.

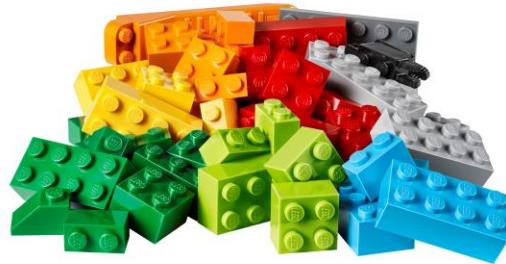

Second Session: "Hand build Clay" (air dry) runs for 5 weeks, possibly 6 depending completion of the project. This session will begin on March 3, 2017 with a fee of \$10.00.

Bowling Club

Mr. Colella, Mrs. Florent, Mrs. Kurto

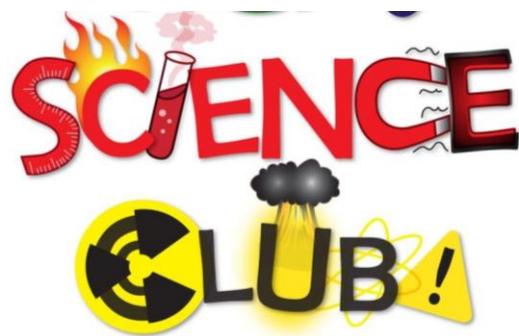

Bowling Club is a great and fun activity for children. It is held on Tuesdays after school from 2:30-3:45 for 8 weeks. Students from grades K-8 may participate. Snacks and drinks are sold for \$1.00. You may also send a snack along with your child. Please come into the bowling alley to pick up your child. Children are not allowed to wait outside. After 3:45 the children are sent to daycare. The next session will begin in January for eight weeks. A form will be sent home at this time.

Lego Club

Fr. Tim

The Lego Club is an all grade (K-8) activity that meets from mid-January to March. Lego Club usually meets for eight weeks. Students can work either independently or in a group and the projects created are limited only by a child's imagination. Projects will be displayed on STREAM night in the spring so parents can see the projects. Many of the students, who have been in Lego Club since its beginning in 2012, still participate and offer younger members advice on creating projects. Lego Club has also included after school field trips such as going to Chunky's Cinema to see the *Lego Movie* and trips to LEGOLAND in Somerville.

Science Club

Mrs. Kurto & Mrs. Dick

The Science Club will give the students the opportunity to investigate and engage in experimental activities. It will be held after school on Monday, April 3rd, 10th and 24th. This club is opened for students in grades 1-4.

A form will be sent out in March.

“Shutterbug” Club

Fr. Tim

The Camera Club offer students the opportunity to learn the techniques of using a camera. Each session has a lesson on photographic topics such as composing a photograph, portraits, still life, black light/fluorescent subjects, action photography, and using set ups. Participants try their hand at taking photos. While Shutterbugs teaches the skill of taking photographs, it is meant to be enjoyable, too. Subjects and set ups are determined by student interest. We have also taken field trips to Nubble Light in York, ME and the Sone Zoo/Lynnfields Parkway to photograph Christmas lights. This year, Ms. Cocchiaro would like to have student photographers documenting school events. We are also looking at adding a video component this year. We offer a fall and Spring session. Students can be at varying levels from beginners to advance. Each student should have a camera that requires a memory card. Shutterbugs are best for students in grades 4-8.

Ski Club

Mrs. Ordway – parent monitors

Ski Club is an off campus activity that offers students in grade 3-8 the opportunity to ski or snowboard. Located at Bradford Ski Area, the student can take lessons for an hour and then free ski for two, or free ski for three hours. Parents choose if lessons are needed and level their child. This year it will begin Tuesday, January 3, 2017 and last for six sessions and runs from 3pm – 6pm. The cost varies depending on the program and rental equipment needed.
