

Jamshed Memorial School - Annual Function 2018

It is with feelings of great delight and pride that we express our deep, grateful appreciation for all the teachers, children, parents, supervisory staff and managerial personnel for making the Jamshed Memorial School Annual Function on Saturday, April 28th, 2018 an historical success.

Never before had we seen such a stunning and mesmerising show of talents, performance, wits, professionalism, devotion, dedication, cooperation and attention to details as was seen in this show.

As soon as one entered, one could feel the entire atmosphere of the historical Jamshed Memorial Hall pulsating with an unusual breath of enthusiasm.

The stage, with its border, was amazingly decorated with more than an extraordinary zeal and zest, beautifying it with nature's colourful bounties of flowers, plants, birds, water, sea animals and other artefacts.

It was very visionary on the part of the management to dedicate the theme of the function to the much needed theme: 'Make a Safer Environment for a Better Tomorrow' and 'Interfaith Harmony'.

Very small children, ages 2.5 to 9 years, dressed up in designer's colourful attires, presented plays with confidence, upbeat energy and smiles. Every presentation of children of all ages was worth its weight in gold!

All the speakers, including Ms Rehana Alam, an educationist and the author of the book *Tea Trolley*, Ms Rubina Faryal of the Alfurqan Foundation managing a chain of 12 schools, Ms Yasmeen Raza Minhas, Mrs Gul Afroz Zaman, Ms Geeta Shahani, Mr Hamid Mayet and Mr Mushtaq Ali Jindani were unanimous in their comments, that the talents displayed on the stage by children were amazing.

The most encouraging tribute came from the honourable guest of the morning, Ms Yasmeen Raza Minhas. She observed that in her 35 years of managing large school chains with children who can afford high fees, she had never witnessed a show of the quality that she saw at the Jamshed Memorial School Annual Function.

The themes of the plays, songs and other items were carefully selected to match with the philosophy and concepts of the TOS, of peace through respect, protection of the environment, and interfaith harmony, brotherhood, tolerance, compassion and excellence in education.

The Function was meticulously planned in advance, keeping all the teachers, staff members and the TOS Council of Management in the loop.

Mr Kamran, Ms Rehana Arshad, Ms Shermeen Bhamani, Ms Misbah and Ms Ishrat are to be highly commended for their spirit of professionalism and voluntarism, beyond the call of duty, for meticulously taking the occasion from its period of preparation to the final show.

Mr Kamran, the General Manager, with his team, including: Riaz Akhtar, Muhommad Atif, Tahir Rashid, Suleman Sameer, Adil Ahmed and others, spared no pains in providing all the essentials and accessories for the stage.

They helped to set up the public address system sound effects, decoration materials, furniture and refreshments, etc... to make the grand occasion a great success.

Ms Shazia Chohan and her team of dedicated art and craft teachers are to be complimented for an excellent job.

Misah, the School's coordinator, was superb as an announcer, anchor and the lady in charge of ceremonies.

Sharmeen Bahmani, the Education Officer, was the top of the line organiser and implementer of the program.

Kind regards,

TOS Pakistan
