

Sail Chicago member and wife make cover of *Life* Magazine

(The *Inverness Life*, that is)

Long-time Sail Chicago member Vern Deason and his lovely wife, Medora, were the cover story in the recent edition of *Life* magazine aka *Inverness Life*. Medora and Vern were gracious hosts to a neighborhood barbeque in July attended by their many neighbors.

The Deason's appearance on the cover was followed by a beautiful story mentioning how they met, Medora's ancestor, Mary Queen of Scots, and a brief summary of their life together.
