DASH 8-40CM THE "DRAPER TAPER"

Our first Prime Movers by Rapido release is the General Electric Dash 8-40CM. Powered by a GE V16 FDL 4000-horsepower diesel engine, the main features of this distinctive design are the four-window North American cab, the cowl-style body and CN's famous 'Draper Taper' cutout behind the cabs.

The Dash 8-40CM was delivered to Canadian National, British Columbia Railway and Quebec North Shore & Labrador between 1990 and 1994.

Amazingly, all 81 Dash 8s delivered to CN and BCR are still in service. Most are still in their original paint schemes but several have been repainted into the newer CN.CA livery. The Dash 8 locomotives can be seen all over North America.

MODEL FEATURES

- Available in DC (silent) or DC/DCC/Sound
- Decoder (DCC) or 21-pin dummy plug (DC) accessible from the bottom of the fuel tank (see photo at right)
- Several road numbers per paint scheme
- Door and walkway handrails installed
- Grab irons, sun shades, windshield wipers included in the box
- Drill starter holes included for most grab irons
- Working front headlights, rear headlights and number boards
- Scaled from original blueprints - it's the correct length!
- Accurate Dofasco trucks
- With or without battery boxes and bells, according to prototype
- Same smooth motor and drive system as our regular models
- Several road numbers and unnumbered with decals
- Metal Macdonald-Cartier couplers at the correct height
- 18" minimum radius

AVAILABLE PAINT SCHEMES

- CN (Stripes)
- CN (North America)
- CN (CN Logo, No Stripes)
- CN (CN Logo with WWW.CN.CA address)
- BCR
- Undecorated

MSRP:

USA: \$159.95 (DC), \$249.95 (DC/DCC/Sound)
Canada: \$174.95 (DC), \$264.95 (DC/DCC/Sound)
