

LSPA 2018 Board of Directors Elections

David Leone, LSP

I have been with GZA GeoEnvironmental, Inc. for 20 years, rising through the ranks from field geologist to Associate Principal. During that time, I have worked on a variety of MCP, TSCA and RCRA sites for residential, commercial and industrial clients.

I have served on the LSPA Regulations Committee since 2012, and was a co-chair of that committee from 2014 to 2017. As part of my involvement with the Regulations Committee, I have worked to ensure that LSPs have a say in the development of MassDEP regulations and guidance documents. I routinely participate in various MassDEP workgroup meetings, and have worked to further the LSPA membership's knowledge and understanding of the policies that affect us. I am also involved in the NAIOP Massachusetts 21E Committee and I am a member of MassDevelopment's Brownfields Advisory Group. In those roles, I have tried to educate the regulated community as to the importance of the LSP program.

I am honored to have been selected as a candidate for the LSPA Board of Directors. I look forward to continuing my service to the LSPA membership. Thank you for your support.

LSPA 2018 Board of Directors Elections

Charles Young, LSP

I am an Associate and Senior Environmental Project Manager with Stantec Consulting Services, Inc. I began my career in environmental consulting as a hydrogeologist 21 years ago. My background included working with the emerging, at that time, technique of using chemical oxidation for site cleanup. My work background has included level B superfund site work, ChemOx site remediation, and all manner of commercial, municipal, and MCP related sites for a wide variety of clients and other consulting firms. I graduated from Boston College with a Bachelor of Arts in economics, and Boston University with an M.S.A. in Administration (1993), and an M.S. in Geology (1997).

I have been active in the LSPA serving on the Member Services and Programs committee since 2009 and have served as co-chair of MSP from 2010 to the present. My time as co-chair of MSP has given me a valued perspective of the LSPA as an organization and the needs and interests of our

members. I've very much enjoyed the role I've had in the development of our monthly meeting presentations, the annual dinner, and in helping make the decisions to guide this organization. I am excited about my new role with the LSPA and look eagerly to begin serving my first term as a member of the Board of Directors and my continuing association with the many of you who I've come to know and work with in the LSPA.

I look forward to my new role within this organization, and am honored for the opportunity to serve. Thank you.
