

# Thik & Clear®

Beverage Thickener

## MIXING INSTRUCTIONS FOR THICKENING MILK

For making a 4 oz. portion of milk, use 1 – Yellow portion packet for Nectar consistency or 1 – Green portion packet for Honey consistency and using a fork or a wire whisk begin stirring milk to create a vortex, while adding Thik & Clear®. Continue to stir for 20 seconds. Let stand for 5 minutes then stir again. You may also use a shaker bottle to mix the Thik & Clear® with the milk. To make an 8 oz. portion, use 2 packets while following the above instructions.

For mixing bulk (12, 16, 32 oz etc...), it's best to use a blender. Pulsing the blender will help to reduce the foaming during mixing. Pour half of the desired amount of milk into blender. Pour needed amount of Thik & Clear® for mixing a Nectar, Honey or Pudding consistency into a measuring cup or small plastic container. Add the Thik & Clear® into the milk. Pulsing the blender 5 – 6 times will dissolve the Thik & Clear® into the milk. Add the rest of the desired amount of milk, pulsing another 5 – 6 times to blend all the milk and Thik & Clear® together.

	4OZ	12OZ	16OZ	32OZ	1 GAL.
NECTAR	2 Tsp	2 Tbsp	3 Tbsp	6 Tbsp	24 Tbsp (1½ cups)
HONEY	3 Tsp	3 Tbsp	4 Tbsp (1/4 cup)	8 Tbsp (1/2 cup)	32 Tbsp (2 cups)
