

December 2017

SPONSORSHIP OPPORTUNITIES FOR NAOSH WEEK 2017

Work-related illness, injuries and death in Manitoba remain a serious concern. Efforts throughout the province have contributed to improvements in worker safety and health. The Canadian Society of Safety Engineering (CSSE) believes that these injuries, illnesses and deaths are preventable. That is why the CSSE proudly supports North American Occupational Safety and Health (NAOSH) Week May 7-13, 2017

This year marks the 20th Anniversary of NAOSH Week. Please help us celebrate by sponsoring our NAOSH Week 20th Anniversary event.

This year's breakfast launch will take place at Investors Group Field with a special lineup of keynote speakers, federal, provincial & local dignitaries and various exhibits with local and national media coverage.

We would like to invite your company to support the Manitoba NAOSH Week 2017 in a number of ways:
