

The Charles Aris Strategy Database

The Charles Aris database has more than 22,000 consultants from Tier 1 strategy firms:

Strategy Database - Key Facts

- ◆ Charles Aris uses **invenias** search software to track all interactions with candidates for its client organizations.
- ◆ In January 2018, our database included more than 73,000 strategy contacts, 22,324 of whom are current consultants with Tier 1 strategy firms (see chart, left).
- ◆ The remaining 51,428 are former consultants from Tier 1 strategy firms who are now employed by corporate America or private equity firms; consultants at other major consulting firms; or graduate students earning MBA degrees.
