Come join us for a free 2-hour guided nature walk and tour of Los Cerritos Wetlands. We will look for wildlife sightings, learn about the rich ecosystems, reflect on history and see current restoration activities.

Our walk begins with a brief orientation to our wetlands. We will discuss their history and see an important portion of them, including the Pumpkin Patch property, as we walk along the San Gabriel River and on across Second Street to view the sea turtles. On our return, we will stop at Zedler Marsh, where there is a nursery for wetlands plants and where restoration is in process. We will then walk on the levee back to our meeting place. Bring binoculars, if you have them; besides the turtles, we will observe many different kinds of interesting wildlife.

IMPORTANT DETAILS: *Meet in the driveway near 1st street and PCH. You may park in the driveway. Event starts at 8:00 a.m. and the parking lot gate closes at 8:10 a.m. No latecomers can be admitted. Events are family friendly but strollers are not permitted. Close-toed shoes are required, and please bring sunscreen and water. Rain Cancels.*

After our nature walk, you are invited to join in and help the community-based restoration of Los Cerritos Wetlands from 10:30 am -12:30 pm the first Saturday of every month. Participants are eligible to win prizes such as a T-shirt or tickets to the Aquarium of the Pacific. Meet at the same place we meet for our nature walks; see important details above. For more information or to rsvp, email Elizabeth@LCWlandtrust.org
