

## Internacional Indigenous Womens Forum

### Application form

#### Place and geographical coverage.

1. The geographic scope where the good practice has been implemented? Please provide detailed information about the country, region, province, district, town and / or village

#### Context:

1. Describe the initial situation of the environmental problem faced.
2. Please provide detailed information on the initiative or good practice implemented and indicate the implementation period.
3. How has been the participation of men and community leaders during the initial situation of the problem and during the process of implementing the good practice?

#### About the actors of good practice.

1. Who are the actors of good practice?
2. Who are the strategic allies (institutions, partners, development agencies and / or donors) that participate in the good practice, and how do they participate?
3. Explain how this good practice has contributed to the collective well-being in your locality?

#### The path to good practice.

1. Which was the initial process that was used and that, finally, confirmed the good practice?
2. Which have been the main success factors of good practices?
3. In what way has it been a participatory process?

## Impact

1. What has been the impact (positive or negative) of this good practice on people co-partners?
2. Do you think that this practice is innovative? Who?
3. Can this practice be applied in other contexts? If yes, under what contextual conditions could it be applied?
4. What have been the main challenges faced in the process of implementing the good practice? How have you faced these challenges? What are the main lessons learned?

## 7. Contact Information:

1. Is it possible to contact you for additional information? By which communication way?
