Information – Please circle for TUESDAY or THURSDAY pick up.

We are starting our sixth season of produce and flower shares this June (exact dates to be determined). It's a great way to support local farmers, eat delicious, fresh and healthy food, and save time.

This year we have decided to combine the vegetables and fruits in the weekly share pick-ups, and offer a full or partial option. Droughts, late freezes and wet springs have made meeting the demands of the fruit shares more difficult.

Vegetables will include lettuces, onions, beans, beets, cucumbers, peppers, tomatoes, sweet corn, kale, carrots, summer & winter squash, potatoes, root veggies, Brussels sprouts and more, based on what is being harvested.

The fruit will lead off with juicy strawberries in June and then progress to cherries, blueberries, raspberries, melons, peaches, apricots, plums, pears, apples, grapes and more, from our Niagara County and Eden Valley farmers.

The produce is a mix of conventional, low spray, no spray and when possible, organic vegetables and fruits. Many of the farmers follow Cornell's IPM guidelines. (Integrated Pest Management promotes safe, least-toxic solutions to minimize insects, plant diseases, weeds, and pesticide problems.)

Full Produce Share (June - early November) - 22 Weeks

Beginning in early June, you will receive a weekly assortment of 6-8 fresh picked local vegetables and 2-3 fruits, serving 3-4 people. Price: \$600 for 22 weeks (\$27/wk)

Partial Produce Share (June - early November) - 22 Weeks

The partial share will include 4-6 vegetables and 1-2 fruits per week, serving 1-2 people. Price: \$400 for 22 weeks (\$18/wk)

Flower Share (June - October) - 18 Weeks

This share will brighten your home or office with a beautiful bouquet of unique fresh cut flowers grown in WNY. Price: \$200 for 18 weeks (\$11/wk). Tuesday pick-up.
