## What is MACRA?

MACRA stands for the **Medicare Access and CHIP Reauthorization Act** of 2015, bipartisan legislation signed into law on April 16, 2015.

- ▶ Repeals **Sustainable Growth Rate (SGR)** formula
- ▶ Changes Medicare PFS Payment
  - Two Payment pathways reward value over volume
    - Track 1: Merit-Based Incentive Payment System (**MIPS**)
    - Track 2: Incentives for Alternate Payment Model (**APM**)
- ▶ Streamlines PQRS, VM and EHR programs into 1 new system (MIPS)
- ▶ Incentivizes involvement in Alternative Payment Models (APMs)

## MACRA Final Rule

- ▶ Restores the 0.5 percent payment update for 2017
- ▶ Reduces the number of measures that must be reported, from 30 to 15
- ▶ Physicians pick their pace of participation
  - Can report for 90 days in 2017 to receive a bonus
- ▶ Providers will not be scored on "resource use" (physician cost) in 2017
- ▶ Eliminates the pass/fail system and will provide proportional credit.
- ▶ Expands the types of alternative payment models (APM)
  - Track 1 ACOs.
  - Reduces the financial risk requirements for APMs.

7

## When and where do I submit comments?

- ▶ Comment Period closes December 19<sup>th</sup>
  - Code CMS-5517-FC
- ▶ Submit electronically through
  - regulations.gov
  - regular mail
  - by express or overnight Mail
  - By hand or courier
- ▶ Instructions [www.qpp.cms.gov](http://www.qpp.cms.gov)

8

## MACRA Eligible Clinicians

- ▶ Participate in Medicare Part B as Individual or Group
- ▶ 2019 & 2020 (First two years)
  - Physicians, PAs
  - Certified Registered Nurse Anesthetists
  - NPs, Clinical Nurse Specialists
  - Groups that include such professionals
- ▶ 2021 onward
  - Secretary can add EPs (described in 1848(k)(3)(B)) to MIPS
- ▶ Does not apply PART A, facilities or hospitals

\*\*

9

## Who will NOT Participate in MIPS?

There are 3 groups of clinicians who will NOT be subject to MIPS:

FIRST year of Medicare Part B participation

Below low patient volume threshold

Certain participants in ADVANCED Alternative Payment Models

Medicare billing charges of \$30,000 or less in a given year **OR** see fewer than 100 Medicare Part B patients

Note: MIPS **does not** apply to hospitals or facilities

## The Quality Payment Program

The Merit-based Incentive Payment System (MIPS)

or

Advanced Alternative Payment Models (APMs)

## One Path to Quality:

The Merit-based Incentive Payment System (MIPS)

## MIPS: What will be involved?

- ✓ MIPS is a new program
  - Streamlines 3 currently independent programs to work as one and to ease clinician burden.
  - Adds a fourth component to promote ongoing improvement and innovation to clinical activities.

Quality

Resource use

Clinical practice  
improvement  
activitiesAdvancing care  
information

- ✓ MIPS provides clinicians the flexibility to choose the activities and measures that are most meaningful to their practice to demonstrate performance.

The cost category will be calculated in 2017, but will not be used to determine your payment adjustment. In 2018, we will start using the cost category to determine your payment adjustment.

Year	Quality Measures 	Resource Use 	Clinical Practice Improvement Activities  ***	Advancing Care Information 	MIPS Adjustment Factor (+/-)
2019	60%		15%	25%	+/- 4%
2020	45%	15%	15%	25%	+/- 5%
2021	30%	30%	15%	25%	+/- 7%
2022 beyond	30%	30%	15%	25%	+/- 9%

- The composite performance score will range from 0-100
- The MIPS composite performance score will factor in performance in 4 weighted categories: No Cost Category for 2019
- EPs receive positive adjustment factor if score above performance threshold or negative adjustment if below threshold

15

## How much can they adjust my payment?

Based on a composite performance score, clinicians will receive **+/- or neutral** adjustments **up to** the percentages below:

## INCENTIVES FOR ADVANCED APM PARTICIPATION

17

## Advanced APMs meet certain criteria

As defined by MACRA, Advanced APMs **must meet** the following criteria:

- ✓ **Certified EHR technology.**
- ✓ **Bases payment on quality** measures comparable to those in the MIPS quality performance category.
- ✓ The APM either: **(1)** requires APM Entities to bear more than nominal **financial risk** for monetary losses; **OR (2)** is a **Medical Home Model** expanded under CMMI authority.

18

## What is an Alternative Payment Model (APM)?

APMs are **new approaches to paying** for medical care through Medicare that **incentivize quality and value**.

As defined by  
MACRA,  
**APMs**  
include:

- ✓ **CMS Innovation Center model** (under section 1115A, other than a Health Care Innovation Award)
- ✓ **MSSP** (Medicare Shared Savings Program)
- ✓ **Demonstration** under the Health Care Quality Demonstration Program
- ✓ **Demonstration** required by federal law

### PROPOSED RULE Medical Home Models

#### Medical Home Models:

- ✓ Have a **unique financial risk criterion** for becoming an Advanced APM.
- ✓ Enable participants (who are not excluded from MIPS) to receive the **maximum score in the MIPS CPIA category**.

A **Medical Home Model** is an APM that has the following features:

- ✓ Participants include **primary care practices** or multispecialty practices that include primary care physicians and practitioners and offer primary care services.
- ✓ **Empanelment of each patient** to a primary clinician; and
- ✓ **At least four** of the following:
  - Planned coordination of chronic and preventive care.
  - Patient access and continuity of care.
  - Risk-stratified care management.
  - Coordination of care across the medical neighborhood.
  - Patient and caregiver engagement.
  - Shared decision-making.
  - Payment arrangements in addition to, or substituting for, fee-for-service payments.

---

---

---

---

---

---

---

## Advanced APMs 2017

- ▶ If you receive 25% of Medicare payments or see 20% of your Medicare patients through an Advanced APM in 2017, you earn a 5% incentive payment in 2019.
  - Comprehensive ESRD Care Model (Two-Sided Risk Arrangement)
  - Comprehensive Primary Care Plus (CPC+)
  - Shared Savings Program – Tracks 2 & 3
  - Next Generation ACO Model
  - Oncology Care Model (Two-Sided Risk Arrangement)
- Final list January 1, 2017

## MIPS adjustments and APM Incentive Payments begin 2019

22

## Take Away Points

- ▶ MACRA changes the way Medicare Part B pays clinicians and offers incentives for providing high value care
- ▶ The Quality Payment Program includes two pathways (MIPS or APM)
- ▶ Clinicians are excluded if they are in 1<sup>st</sup> year Part B participation, have a low volume of patients, or participate in Advanced APM
- ▶ Payment adjustments and bonuses begin in 2019 based on 2017 performance
- ▶ CMA and AMA actively involved with CMS

23

**"PICK YOUR PACE"**

24

## MACRA FLEXIBILITY Announced

### "Pick Your Pace"

- ▶ Clinicians pick their pace for the first year – both in how they participate and when.
  - Avoid payment adjustments 2019 payment year
  - Don't Participate= 4 percent payment adjustment
- ▶ Four options described in final rule:
  - Plenty of questions unanswered
  - How will the program maintain budget neutrality?
- ▶ Stay Connected
  - ▶ <https://blog.cms.gov/2016/09/08/qualitypaymenprogram-pickyourpace>

25

## First Year Participation Option 1

- ▶ Submit Something

Test  
Participation

- Choose any point in the 2017 calendar year to begin.
- As long as you submit a minimum standard to Medicare, you will avoid a negative payment adjustment.
- This option is designed to help test systems and prepare for broader participation in 2018 and 2019.

26

## First Year Participation Option 2

Partial  
Participation

- Choose to participate for part of the 2017 calendar year.
- Potentially still qualify for a bonus.

27

## First Year Participation Option 3

### Full Participation

- Participate for a full year (beginning January 1, 2017)
- Qualify for a positive payment adjustment
- Clinician practices of all sizes can successfully submit a full year's quality data

28

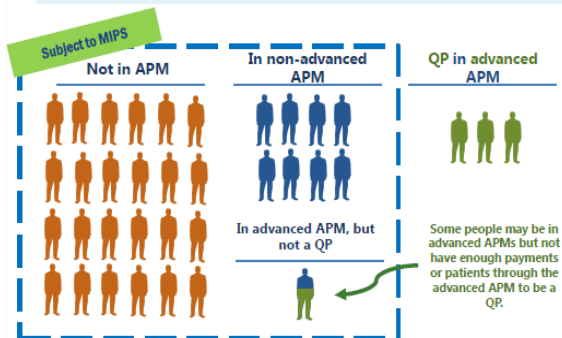

## First Year Participation Option 4

### Advanced APMs

- Choose to join or stay in an Advanced Alternative Payment Model (Advanced APM) in 2017
- Potentially qualify for a 5 percent bonus
- The Quality Payment Program **does NOT** change how any particular APM functions or rewards value. Instead, it **creates extra incentives** for APM participation

29

**Note: Most clinicians will be subject to MIPS.**

Note: Figure not to scale.

## The Timeline for the Quality Payment Program

## The Timeline for the Quality Payment Program

### When does the Quality Payment Program start?

You get to pick your pace for the Quality Payment Program. If you're ready, you can begin January 1, 2017 and start collecting your performance data. If you're not ready on January 1, you can choose to start anytime between January 1 and October 2, 2017. Whenever you choose to start, you'll need to send in your performance data by March 31, 2018.

The first payment adjustments based on performance go into effect on January 1, 2019.

## Preparing your practice for MACRA

### Getting ready for MIPS.

#### Should I participate in MIPS as an individual or a group?

##### Reporting as an individual.

If you send MIPS data in as an individual, your payment adjustment will be based on your performance. An individual is defined as a single National Provider Identifier (NPI) tied to a single Tax Identification Number.

You'll send your individual data for each of the MIPS categories through an electronic health record, registry, or a qualified clinical data registry. You may also send in quality data through your routine Medicare claims process.

##### Reporting as a group.

If you send your MIPS data with a group, the group will get one payment adjustment based on the group's performance. A group is defined as a set of clinicians (identified by their NPIs) sharing a common Tax Identification Number, no matter the specialty or practice site.

Your group will send in group-level data for each of the MIPS categories through the CMS web interface or an electronic health record, registry, or a qualified clinical data registry. To submit data through our CMS web interface, you must register as a group by June 30, 2017.

**Quality Payment Program**

**MIPS Overview**

Use this tool to browse the different MIPS measures and activities.

**What do you need to do?**

**Quality**

Most participants: Report up to 8 measures for a maximum of 90 days.

Groups using the web interface: Report up to 8 measures for a maximum of 90 days.

Groups in MIPS qualifying for special reporting standards under MIPS, such as Shared Savings Program Track 1 or the Oncology Care Model: Report quality measures through your MIPS. You do not need to do anything additional for the MIPS quality category.

**Most participants:** Assess that your practice meets the requirements of 90 days.

Groups with fewer than 10 participants: Assess that your practice meets the requirements of 90 days.

Participants in certified patient care practices, or an APM designated as a MIPS-eligible practice.

**Quality Measures**

**Instructions**

1. Review and select measures that best fit your practice.
2. Add up to six measures from the list below, including one outcome measure. You can use the search and filters to help find the measures that meet your needs or specialty.
3. If an outcome measure is not available that is applicable to your specialty or practice, choose another high priority measure.
4. Document a list of all measures you have selected for your practice.
5. Groups in MIPS qualifying for special reporting standards under MIPS, such as Shared Savings Program Track 1 or the Oncology Care Model: Report quality measures through your MIPS. You do not need to do anything additional for the MIPS quality category.

## PQRS AND EHR QUALITY REPORTING

39

## 2016 Physician Quality Reporting System (PQRS)

- ▶ Report quality measures in 2016
  - Avoid 2.0% PQRS payment reduction in 2018
- ▶ Groups of 10 or more providers
  - Receive additional 4% VBM payment reduction
- ▶ Solo practitioners and groups of 2–9
  - Receive additional 2% VBM payment reduction
- ▶ 2018 last PQRS payment adjustment issued
  - Starting 2019 adjustment for quality reporting made under MIPS

---

---

---

---

---

---

## How Many Quality Measures in 2016?

- ▶ Report at least **9** measures.
- ▶ Report at least **50%** of applicable patients for each measure for the full year.
- ▶ Measures should cover at least **3** National Quality Strategy domains.
- ▶ Report at least **1** “cross-cutting measure” (only those who see patients face-to-face)
