

OSHA TRAINING

The OSHA (10 hour) training is the primary method used by employers to train employees on work place safety. This self-paced, on-line training is designed to teach workplace safety, reduce jobsite hazards, and shows workers why it is important to learn:

- **OSHA safety standards**
- **Workplace hazard identification, avoidance, control & prevention**
- **Employee rights related to workplace health and safety**
- **How to file an OSHA complaint and much more**

Students successfully completing this training will earn their OSHA 10 certification card.

The mission of Tri-County Career Center is to inspire, challenge and prepare students to reach their career potential.

Tri-County Career Center has dedicated itself to providing equal admission opportunities, equal education opportunities and equal employment opportunities to all people regardless of race, color, national origin, ancestry, citizenship status, religion, sex, economic status, age, disability, military status, or on the basis of legally acquired genetic information.
