Excellence In Healthcare brings together senior leaders from across Health and Social Care to network with each other and discuss the current hot topics including:

- Busting Myths
- GDE Site Updates
- Digital Transformation
- Plugging the nursing gap
- Electronic Patient Records
- Technological implementation
- Collaborative Working - Beyond STP's
- Reducing Hospital Admissions - Being proactive rather than reactive

Attendees will be able to share their own experiences and the challenges they are currently facing. In addition, you will then have the opportunity to look at different ways of addressing these problems and an overall look at where we were, where we are and what needs to be done.

Admission Prevention - Being Proactive not Reactive

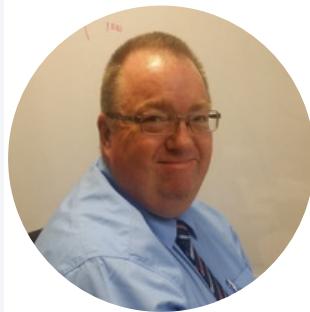

Cuts, cuts and yet more cuts! It's top of every Chief Executive's agenda and many have found ways to save money year on year but it's still getting tougher and with many organisations already cut to the bone, where do you cut from whilst still ensuring patients continue to get the care they need?

Patricia will talk about how the trust is going about hitting its target of saving £7.6 million in this financial year including what they are doing to plug the nursing gap.

12.00 - 12.30

Exceeding Expectations when it comes to Technology Implementation

West Suffolk was the first NHS Trust to receive money under the Global Digital Exemplar fund after being identified as one of the country's most digitally advanced hospital trusts.

Since being awarded the money they have exceeded the expectations set by NHS England and NHS Digital. Mike will talk about what the trust has done around technology implementation and how this has impacted the delivery of the STP in the area.

Sandra Storey

Associate Director
Medical & Clinical
Effectiveness

NHS
North Staffordshire
Combined Healthcare
NHS Trust

Sandra Storey has worked in North Staffordshire for 23 years with over 20 years of representing the Trust and supporting staff at inquest. What an inquest is and is not, what makes a credible witness, quality statements and action plans. Reducing the risk of negative press and Orders to Prevent Future Deaths. Staff being prepared and feeling supported. Resolving issues with families before an inquest goes a long way to ensure a good outcome for all concerned.

15.00 - 15.15

Tea and Coffee Break

15.15 - 16.00

Networking Meetings

16.00 - 16.30

Case Study Presentation

16.30 - 17.00

EPR Implementation -

You need Digital Transformation first!

Calderdale and Huddersfield NHS Foundation Trust along with Bradford Teaching Hospitals NHS Foundation Trust have an EPR system which is being hailed as the most successful in Europe.

However, rather than looking at the EPR system on its own the HIS and both trusts looked at what else needed to be in place in order to deliver the programme which triggered an organisational wide Digital Transformation project. Mandy will talk about the journey taken including infrastructure, outside collaboration and much more

Mandy Griffin
Managing Director

17.00 - 17.10
