

LOOKING TO FIND YOUR TRIBE?

YMCA LEAP Youth Konnections is a program for youth on the autism spectrum which provides a place to be, learn, experience and have fun.

Youth Konnections (12 – 18Y) uses fun activities in the community to build skills for being a friend. Spend time with people your own age who share your passions and personal interests, learn new skills that translate into home and school life. We provide opportunities to experience a variety of personal pursuits that allow you to connect with others your age. You may not know what you love until you try it so come and try something new with the Youth Konnections crew.

Youth Konnections is designed for those who are verbal and attend a mainstream school or FLO alternative. We update our program schedule based on demand; please visit sa.ymca.org.au/leap for the latest information, times and locations.

WHEN : Tuesday 5:00 – 7:00pm (during school term weeks)
WHERE : John McVeity Centre (Smithfield Plains)
COST : Aligned to NDIS price guide (social group activities)

Call 8200 2508 to secure your place.

LOOKING TO FIND YOUR TRIBE?

YMCA LEAP Konnections Plus is a program for young adults on the autism spectrum which provides a place to be, learn, experience and have fun.

At Konnections Plus (18 – 30Y) you set the program to try new activities and learn skills, from cooking a meal to going to the footy with friends - getting out in your community is a great way to build a better life. 'What next?' is a question we hear from young people who have finished their formal schooling. To land and maintain a job or succeed in further study you need more than good grades or a certificate. What makes the difference is the ability to fit in and be friendly. Life skills including social skills are critical for the next stage in a successful life. Konnections Plus helps with the transition to adulthood and assist in building genuine and sustainable social connections.

We update our program schedule based on demand; please visit sa.ymca.org.au/leap for the latest information, times and locations.
