

My name is Alexis Morof, and I am so excited to be teaching Kindergarten at University Park next year! I am originally from the North Chicago suburbs, and I moved to Denver in 2015 to pursue a Master's degree in Early Childhood Education, and an Early Childhood Special Education Specialist licensure at the University of Colorado at Denver. A week after relocating to Denver for school, I began working at University Park as a Discovery Link program leader, and later worked as both a Kindergarten and 1<sup>st</sup> grade paraprofessional. This spring, I began teaching at Bradley International School in an ECE 3-4 inclusive classroom. Having worked at UPark for three years, I feel a strong connection to the community, and I feel so lucky to have the opportunity to continue to grow and learn with all of the amazing staff and students this fall!
