

Congressman Charles W. Boustany Jr. MD

Louisiana Flood Resource Sheet

Current as of **August 16, 2016**

Dr. Boustany has been in contact with local offices in Third Congressional District amid concerns of flooding. He supported Governor Edwards' request for a federal disaster declaration. Dr. Boustany will continue to work with Gov. Edwards' office and his congressional colleagues to include more affected parishes in the disaster declaration as flooding continues to affect more parishes in the state.

BACKGROUND INFORMATION ABOUT THE FEMA PROCESS

The law requires that the Governor ask the President for a major disaster declaration. The Governor formally requested Individual Assistance for Allen, Ascension, Avoyelles, Cameron, Calcasieu, East Baton Rouge, East Feliciana, Iberia, Iberville, Jefferson Davis, Lafayette, Livingston, Pointe Coupee, St. Helena, St. Landry, St. Martin, St. Tammany, Tangipahoa, Vermilion, Washington, West Feliciana, to include Categories A and B under the Public Assistance program and Hazard Mitigation statewide. At this time, the President has granted Individual Assistance and Public Assistance to the parishes of Acadia, Ascension, East Baton Rouge, East Feliciana, Iberia, Lafayette, Livingston, Pointe Coupee, St. Helena, St. Landry, Tangipahoa, and Vermilion. All areas in the State of Louisiana are eligible for assistance under the Hazard Mitigation Grant Program. By issuing a Major Disaster Declaration, President Obama has triggered the release of Federal funds to help people and communities recover from the Severe Storms and Flooding that began August 11, 2016, and are continuing. Governor Edwards has said that he expects additional parish declarations will be made as further damage assessments are conducted.

FOR RESIDENTS WHOSE PARISH HAS NOT BEEN DECLARED YET

If people live in a parish that was not included in the initial declaration, they should contact their parish OHSEP (Office of Homeland security and emergency preparedness) <http://gohsep.la.gov/about/parishpa> to report damages. Parish OHSEP reports to GOHSEP and after more damage assessments come into the state, the governor can amend the declaration to include other parishes. It is critical that people report damages to their parish OHSEP in order for their parishes to be declared federal disasters.
