

# YOUR VOICE MATTERS.

Let's work together to keep our **community** healthy.

## Now until July 10

In 2017, UnityPoint Health® – Trinity Regional Medical Center **invested over \$8 million** in our community.

Based on your responses in our previous Community Health Needs Assessment, UnityPoint Health – Fort Dodge used funds to provide health education, services and more to our local community. (2015 results can be found at [unitypoint.org/chna](http://unitypoint.org/chna))

### Where should we direct our resources now?

When you complete the survey, you're letting us know where YOU believe these resources would help most.

When survey results are compiled and evaluated, we will share our plan of action for 2019 and beyond.

### Paper surveys and drop boxes are located at:

- Fort Dodge Public Library
- Webster County Public Health and WIC Clinic
- Community Health Center
- The Information Desk at Trinity Regional Medical Center

All household members **18 years or older** are encourage to complete the survey. This survey is completely anonymous.
