

# Junior Prospect Games

Powered by Primetime

## Perfect Game Baseball Association

We are entering our 8<sup>th</sup> season with the Junior Prospect Games. In the past, this event has been held in Wisconsin, Indiana and this season it moves back to our inaugural location, Illinois. It will be held on the turf fields at the Eastside Sports Complex in St Charles, Illinois.

This invitation only event will feature the top identified prospects from across the Midwest participating in a four-day tournament. Each of the participants will compete against other top-level players while representing their respective state.

This event will be a four-game guarantee and will include single elimination bracket play to determine a champion at each age group. Statistics from the games will be uploaded into players profiles. There will be opening ceremonies followed by a skills competition for 9u-12u players. The 13u and 14u age groups will participate in a camp directed by current college coaches.

Each player will receive a numbered jersey, hat, and All State plaque. **This an invitation only event.**
