

A NEW APPROACH TO MEDICAL PLANS FOR SMALL EMPLOYERS

As today's small businesses continue to search for cost-saving health health coverage options, the Missouri Chamber of Commerce and Industry and the Missouri Chamber Federation have taken action to help.

We have teamed up with Anthem Blue Cross and Blue Shield in Missouri to create a new health program that can lead to more rate stability and is a smart solution that offers potential savings for groups with 50 or fewer eligible employees.

This new self-funded medical offering is a multiple employer welfare arrangement, often called a MEWA, enabling smaller employers to join together to share in the overall claims risk.

THIS INNOVATIVE ALTERNATIVE OFFERS:

- Competitive medically underwritten rates
- Fixed, predictable monthly payment
- A variety of plan designs, including 10 PPO and three HSA options
- Anthem's Blue Access, Blue Access Choice, Blue Preferred networks and Traditional Open formulary
- Coverage for claims run-out / terminal liability coverage

Visit mochamber.com/MEWA to learn more and receive a quick cost estimate. You can also contact any of the participating broker agencies below.
