DISCLAIMERS:

1. Millage rates are those levied in 2016 . Rates for 2017 will be posted in spring 2018 . Rates do not include the 1% property tax administration fee.
2. The first column does not include special assessments. The last two columns include special assessments levied on a millage basis and levied in all of a township, city or village. Rates also include special assessments levied on a millage basis for police, fire and advanced life support that are levied township-wide excluding villages. Rates do not include other types of special assessments. Please contact the township, city or village where the taxes are being levied to obtain additional information about special assessments levied there.
3. In a few local unit/school district combinations, community college millage is levied on some properties but not others, or there are different community colleges in parts of the area. The database uses only one community college rate (or none if most of the area is not in the community college district).
4. The millage rates listed here are those reported to the State of Michigan by the local taxing jurisdictions. For confirmation on exact rates that were levied in a local township, city or village, please contact that taxing unit for additional information.

Please refer questions regarding this report to Michigan Dept. of Treasury, Property Services Division at Rates@michigan.gov or 517-335-1218.
