

ONE YEAR OF 'OUR PATH'

Mid-Fairfield AIDS Project has gone through some exciting changes in the past year.

Our Path has been one of MFAP's way of informing donors, clients, friends & supporters about these changes. As we celebrate one year of opening up access to our agency, we want to express thanks to our readers for their feedback, their interest and their continued loyalty.

Our Path signifies the route we each walk towards finding a cure. Whether we are curing the lack of resources, the stigma associated with HIV, or simply curing the disease itself, these are all our path. Each path is about documenting the changes and transformations in our lives, and what we and our agency go through in order to find help for one another, and acceptance within ourselves.

Thank you for joining "Our Path." Although we walk in different spaces along our paths, we go further by walking these paths together. Thanks

Prime Burger & MFAP Partner

Not only was our recent Food Drive a tremendous success (thank you to Stop & Shop on Connecticut Avenue, and especially to its customers), but we formed a new partnership with the owners of **Prime Burger**.

We met with Evan & Eddie, had a fabulous lunch, talked, laughed, and left with Prime Burger as the newest **#GayBingo** Sponsor. The food is great by the way!

In addition, the owners agreed to sponsor a "Burger Buy Benefit" for **MFAP** monthly, at the restaurant, located at **74 North Main Street, here in Norwalk** (it is directly across the street from the Prime Burger billboard).

Thank you guys!!!

Mission

To act as a service provider and advocate for all those affected by HIV/AIDS and other co-morbidities; to create lasting solutions to prevent the further spread of HIV/HCV, recurring homelessness and addiction through education, prevention programs, collaborations and housing initiatives.

Thank You OPEN @ Pepperidge Farm

We are so grateful to OPEN (Our Pride Employee Network) over at Pepperidge Farm for their continued support of **MFAP** and our mission of helping those in need.

OPEN has joined with 43 other donors in support of our Solar Panel Initiative, by purchasing 6 solar panels affixed atop the roof at our transitional housing facility, Moore Place.

Each solar panel purchased has the name of the contributor along with the date of the purchase engraved on an actual solar panel.

In addition, our Solar Donor Wall (an actual solar panel) is located in the lobby of our offices, showcasing those that have supported us.

To every member of OPEN, we say Thank you so much!
