

Summer Camp 2018 'This Changes Everything'

Summer camp preparations are in full swing here at Briarwood. We had a hot and successful work day on June 2nd. We were able to clear some tree and branch hazards on the hiking and biking trails, split fire wood for evening campfires and s'mores, clean out storage closets, and a variety of tidy up projects to get the camp looking great for the campers.

Staff training is wrapping up and excitement is growing. If you are still looking for an exciting and inspiring week don't wait space is limited. Get all the details at <u>briarwoodretreat.org!</u>
