Men's Lumberjack Retreat January 26-27

All men are invited to come out to Briarwood, and help prepare Briarwood for the year by clearing out brush and dead trees around the property! Once our wood pile is filled, we will have our "take-home" pile of firewood that is free to take home! Afterwards, we will put away the leather gloves and chainsaws, and have a wonderful steak dinner prepared by our amazing kitchen staff (you won't want to miss it!). Afterwards, we will have a movie set up for everyone, or you can compete in our annual Texas Hold'em Tournament, with amazing prizes for the winners! Register on the website!

God's Changing Lives at Briarwood

With friends and families gathering together to celebrate Thanksgiving, it signals that the holiday season is upon us. We are thankful for so much this year at Briarwood during this year of change. Like this years theme "This Changes Everything" we are taking steps for Briarwood to thrive. We are aware of the efforts and sacrifices that many have made for us to be where we are today.

Young and old have gathered at Briarwood to share Christian fellowship in the natural setting of Briarwood. Planting the seeds of the Holy Spirit energize all about God's work. Briarwood is having its 6th annual Lumber Jack retreat in January in which we do outdoor improvements to Briarwood, cut and prepare firewood, and have fellowship with friends.

We are excited about 2019 and the future of Briarwood and the summer theme of Transformed Community.
