

2018 Lean Systems Summit

Where Government, Services, and Manufacturing Meet

Continuous Improvement Lean Collaborative & Lean Systems Summit[®]

Where Government, Services, and Manufacturing Meet

The Continuous Improvement Lean Collaborative (CILC) is a multi-state volunteer network of public and private individuals, organizations, and companies interested and involved in continuous improvement. Its goal is to provide a forum for practitioner and organizational learning -- encouraging active collaboration and sharing of knowledge, experience, and resources across all sectors.

The Collaborative's Summit Planning Committee and Leadership Board included representatives of Maine and Connecticut State governments; Lonza Rockland; Lean Capitol LLC; Lean Enterprise Institute; AME; and VIP Group/AME.

This August is the Collaborative's ninth annual *Lean Systems Summit*.

2018 Lean Systems Summit

Theme: Collaboration and Innovation in Achieving Operational Excellence through Continuous Improvement/Lean.

Purpose: Bring together private and public business leaders to discuss collaboration and innovation using Lean continuous improvement principles and methods to improve organizational effectiveness. The Summit includes 3 keynote speakers and 15 informational sessions across healthcare, services, government, manufacturing, finance, and other businesses on how Lean leaders and practitioners are using Lean to change their culture and improve their way of doing business. The Pre-Summit's diverse workshops provide additional, focused, in-depth learning opportunities. Preceding both these days and offered in conjunction with the Summit is the seminal GBMP Shingo *Discover Excellence* course.

When: Discover Excellence – Tuesday & Wednesday, August 7&8, 2018 8:30am-5pm
Pre-Summit Seminars - Thursday, August 9, 2018 8am-5pm
Networking Gathering - Thursday, August 9, 2018 5pm-8pm
Lean Systems Summit - Friday, August 10, 2018 8am-4:30pm

Where: Holiday Inn by the Bay, 88 Spring Street, Portland, Maine
