COMMUNITY MEETING

Orange County is initiating a Roadway Conceptual Analysis (RCA) study for the planned improvement (widening) of Reams Road from Summerlake Park Boulevard to Taborfield Avenue, a distance of approximately 3.1 miles. The RCA study is Orange County’s detailed project development process developed to evaluate potential preliminary engineering options and recommendations and address anticipated mobility needs of the corridor. In addition, the study will assess both social and environmental impacts associated with the planned road improvement. Beyond the evaluation of the design options and potential impacts, the RCA will also consider several key design elements, including but not limited to, drainage improvements, sidewalks, bicycle facilities, lighting and landscaping.

The County invites you to attend a community meeting to review potential alternatives that are under consideration and to provide input. The meeting is scheduled for Thursday, October 5, 2017 at the Bridgewater Middle School Cafeteria, located at 5600 Tiny Road in Winter Garden, from 6 to 8 p.m.

The meeting will begin with an open house at 6 p.m. At 6:30 p.m. there will be a formal presentation followed by a question-and-answer forum. Aerial maps, potential improvements and other project related information will be available for you review and comment. The Orange County Study Team will be available to discuss the project and answer any questions. Meeting information will also be posted on the project website (www.reamsroadstudy.com).

WAYS TO STAY INFORMED

A key component of this study is the public involvement. As part of this study, the County will host two community meetings to exchange information and obtain feedback from stakeholders and the general public.

Community Meeting #1
Thursday, October 5, 2017
6 – 8 p.m.
Presentation at 6:30 p.m.
Bridgewater Middle School Cafeteria
5600 Tiny Road
Winter Garden, Florida 34787-9202

Community Meeting #2
The preferred alternative will be presented at a public meeting anticipated to occur in the fourth quarter of 2017.

Public involvement is solicited without regard to race, color, national origin, age, sex, religion, income, disability, or familial status. Persons who require language translation or interpretive services, which are provided at no cost, should contact Ricardo Daye, Orange County Title VI/Nondiscrimination Coordinator, at 407-836-5825 or by email at ricardo.daye@ocfl.net at least seven (7) days prior to a public meeting. Persons requiring special accommodations under the American with Disabilities Act of 1990 (ADA) may request assistance from the County ADA Coordinator, Dianne Arnold, by phone at 407-836-7588 or by email at dianne.arnold@ocfl.net at least seven (7) days prior to a public meeting.

The Reams Road Study started in April 2017 and is anticipated to be finished in the spring of 2018. The study schedule below provides an overview of the key activities and related time frames.

**SCHEDULE**

**STUDY CONTACTS**

The study team for the Reams Road RCA study consists of Orange County’s Transportation Planning Division and the consulting team of Inwood Consulting Engineers. At any time during the study, you may contact the following individuals if you have any questions or need additional information.

**Blanche Hardy, P.G.**
Orange County Project Manager
Community, Environmental & Development Services
Transportation Planning Division
4200 South John Young Parkway
Orlando, Florida 32839
blanche.hardy@ocfl.net
407-836-0257

**Alex Hull, P.E.**
Consultant Project Manager
Inwood Consulting Engineers
3000 Dovera Drive
Suite 200
Oviedo, Florida 32765
ahull@inwoodinc.com
407-971-8850

Para información en Español
Si tuviese preguntas, comentarios, o simplemente deseara más información, póngase en contacto con el siguiente representante para “Reams Road Study”:

**Esther Fernández Cañizares, P.E.**
Engineer II
Orange County Public Works Department, Engineering Division
4200 S. John Young Parkway, Orlando, Florida 32839
Correo Electrónico: Esther.Fernandez@ocfl.net
Teléfono: 407-836-7982

La opinión del público sobre el proyecto es muy importante para nosotros.
