

# SUMMER 2017 PROGRAM VOLUNTEER RECRUITMENT

*Cultivating hope and  
empowerment in young  
girls*

## GRACE in the Mud

As a local non-profit dedicated to providing **EMPOWERING**, experiential and educational programs for preteen girls 9-11 years old, GRACE programs are uniquely designed to promote positive identity formation, character development, and civic responsibility through community service. The young ladies who we serve are statistically twice as likely to encounter adverse childhood experiences before the age of 18 which will negatively impact the trajectory of their future, without your support!
