

justiceWORX

WWW.FAITHJUSTICE.ORG

Where will the journey take YOU this summer?

Named for the biblical passage that inspired them, "Faith without works is dead." (James 2:26), our signature WorX programs unfold through week-long mission retreats that incorporate equal parts service and reflection based on Catholic Social Teaching.

LIMITED SPACE REMAINS

What distinguishes the Center's WorX programs?

ALL-INCLUSIVE. Service immersion can be costly and time-consuming, particularly for parishes that may lack the infrastructure needed for success and sustainability. We handle it all for you! Staff/facilitators, insured transportation to and from service sites, service site setup, information nights, and program materials are all included in our participant fees for ServiceworX.

CATHOLIC. Many organizations offer youth service immersion opportunities, but our programs are specifically designed to connect the Gospel call to service with hands-on experiences of working with our brothers and sisters in need. Rooted in Catholic Social Teaching, our comprehensive curriculum unites dynamic community service with prayer, music, discussion, prayer services and intensive reflection activities to help connect faith to service and social justice.

EXPERIENCED. After more than a decade of programs, hundreds of community partners, thousands of participants, and more than 150,000 hours of direct service to and with those in need, we pride ourselves in running smooth, safe, and effective programs. All of our staff receive professional development, training, background checks, and VIRTUS certifications. Our programs are facilitated by passionate ministry staff who help participants learn how to live their faith.

CUSTOMIZATION. Our ServiceworX program can be crafted to have a focus on confirmation preparation, can include academic year programming to support and enhance confirmation preparation and may be held in collaboration with other parishes if that is a model that works best for your parish community.

"WorX" works – see what others have to say about our programs!

*"WorX participants truly come home ignited – they are absolutely on fire to change the world."
-Parish Partner*

*"It is a pleasure to work with your students; they are kind, respectful, funny, and hard workers! It is clear that the chaperones have a great rapport with the students."
-Community Partner*

*"I was inspired to learn that by serving others and working for justice, I can help change the world."
