SPECIAL MESSAGE FROM THE SHOMRIM TEAM

Dear KBI Community,

Many of you may have noticed the increased security measures in place in our synagogue. The shomrim volunteers learn security and emergency procedures which then help guide rest of their congregations to safety should an event occur. Our concern in KBI is not having enough members helping to cover the needed shifts. Therefore, we are looking for more members, men and women, to join the Shomrim/Security Team. As a member you will play a crucial role in the security and safety of all of our members and their families. Our goal is to triple the size of the current Shomrim volunteers, helping us to understand emergency procedures, and giving us all comfort to know we've done our part as best we can to keep everyone safe. If you're interested in being part of the Shomrim Security Team please speak to any of the Shomrim and they will give you all the details, or reply to this message and KBI will put you in touch with one. The "job" is simple but so important!

Thanks in advance for your consideration,
KBI Shomrim Security Team

AIPAC ISRAEL UPDATE

SHIN BET SAYS 250 'SIGNIFICANT TERROR ATTACKS' THWARTED SINCE JANUARY

The head of the Shin Bet security service on Wednesday announced that his organization had foiled some 250 "significant terror attacks" since January, crediting this achievement in part to high-tech surveillance and tracking tools, the Times of Israel noted.

Nadav Argaman, who has led the Shin Bet since 2016, noted the changing security threats in Israel and the West Bank, away from more organized terror groups and toward so-called "lone wolf" attacks by unaffiliated individuals. "The map of threats and challenges is varied and covers multiple unstable and difficult fronts," he said. "Since the start of the year, the Shin Bet security service has prevented 250 significant terror attacks, including suicide bombings, kidnappings, and shootings," he said.

Argaman made his remarks to an international conference of public security ministers in Jerusalem, which had been organized by Israel's own Public Security Minister Gilad Erdan. The announcement came hours after the Shin Bet revealed that it had arrested a Palestinian man suspected of killing an IDF soldier during an arrest raid in a Ramallah refugee camp last month.
