

# RESILIENCE

## THE BIOLOGY OF STRESS & THE SCIENCE OF HOPE

**“The child may not remember, but the body remembers.”**

The original research was controversial, but the findings revealed the most important public health findings of a generation. RESILIENCE is a one-hour documentary that delves into the science of Adverse Childhood Experiences (ACEs) and the birth of a new movement to treat and prevent Toxic Stress.

**Join Us for a Free Screening & Panel Discussion**
