## September 2018

Welcome back Littlest Angels Families!

I am excited to introduce myself as the new Director of Littlest Angels Preschool. Last year I was teaching in the Little Lambs classroom in the morning and working in the office as the Assistant Director in the afternoon. I was also taking extra classes, meeting with other preschool directors, and going through a qualification process with the state of California. It was a busy year filled with new challenges preparing me for this year as the Director. I am excited and honored to continue serving the Littlest Angels and Bethany community in my new role. I have been a teacher at Littlest Angels since 2009 and am committed to continuing our tradition of excellence. I believe in the foundational principles of our school and am very fortunate to be supported by a staff and community that believes in those principles as well!

The teachers and staff are looking forward to getting to know all of you and begin another wonderful school year! We have all been working hard to get the school and classrooms ready. We are especially excited for the students to play on the new play structure! A huge thank you to Pastor Jon and the men of S.O.Y.L for putting it together.

A friendly and important reminder that Littlest Angels is now a [nut free school](#). Please do not send any products containing peanuts, peanut oil, nuts, nut oils, peanut butter or nut butters. Please check labels to be sure all foods brought in are nut free. Thank you for your cooperation.

Wishing you all a blessed month!

Katie O'Malley,  
Director

### Dates to Remember

|                            |  |
