# Tzedaka of the Month - September

The Elie Wiesel Foundation for Humanity was founded in 1988 in order to “combat indifference, intolerance, and injustice” through international and youth-oriented programming that is rooted in the memory of the Holocaust. These programs are geared towards promoting acceptance, understanding, and equality. Every year the Foundation of Humanity holds an international conference that “serves as a catalyst for change and action.” The conferences bring together Nobel Laureates and world leaders to discuss social problems and develop suggestions for change. The Foundation also holds an annual Ethics Essay Contest which is open to college juniors and seniors and challenges them to analyze current ethical issues confronting the world today. The Foundation also operates two Beit Tzipora Centers for Study and Enrichment in Israel. They focus on educating and integrating the Ethiopian-Jewish community into Israel.

To contribute, please make your checks out to **Sisterhood of Temple Beth-El** and either leave the checks in the Sisterhood mailbox in the Temple office, or mail your checks in. Please include the name of the tzedaka in the memo line. Thanks in advance for your generosity and cooperation!
