

TOP 8 PARTICIPANT TAKEAWAYS FROM THE #ACCESSALBARIÑO SNOOTH VIRTUAL TASTING

1. **@SAHMmelier:** *Albariño hits most notes for white - body, abundant fruit, minerality, great acid...so easy to drink and pair.*
2. **@wild4wawine:** *Always impressed that over 50% of @riasbaixas winemakers are women! They rock!*
3. **@talesofthecork:** *I love the way the #Albarino pulls in salinity and the minerality. These are food wines that have chalky, acidic and wonderful balance. #AccessAlbarino*
4. **@friscokid49:** *Hot in Dallas today. We just climbed out of the pool. These wines are OUTSTANDING for the Summer months at the pool, lake, beach!*
5. **@WineWonkette:** *Albariño is the first "alternative" white when introduced to our friends and family. We suggest it for summer weddings!*
6. **@winewithlisa:** *@riasbiaxas wines are amazing food pairing wines for summer!*
7. **@Syrah_Queen:** *Albariño does have a lot of salinity followed by creaminess and nuttiness.*
8. **@JvBUncorked:** *Minerality represents SO many features/notes/flavors. Limestone, slate, sand, granite, chalk, and clay - all are included!*

Featured producers in the tasting, which are also available for purchase [here](#) as part of the **SNOOTH 2018 SPRING-SUMMER ALBARIÑO BUNDLE**, include:
