

# Leading Communities: A Place-Based Leadership Curriculum

## Four Core Skill Sets

- Understanding community leadership and your community
- Identifying issues and framing ideas
- Building social capital
- Mobilizing resources for community action

Leading Communities is a research based program developed by Iowa State University Extension and Outreach and the University of Wisconsin-Extension. It is designed to teach community members skills they need for interacting and working together to promote sustainable community development.

**Class of 2016**

## Local Programming & Projects

Participants will interact with local leaders and learn about Lee County resources during community organized tours and leadership panels. Class sessions will rotate to both rural areas and towns in the county, showcasing the uniqueness of each. Participants will use their learned skills and new community leadership network to research, design and implement projects for the betterment of communities in Lee County. A certificate will be awarded to participants who successfully fulfilled the requirements of the leadership program.

**Class of 2017**

Lee County Leadership is designed to bring emerging leaders together to guide and foster positive change in Lee County, IA. This unique collaborative effort program is hosted by:
