

DPHA Council of Fellows

Jack Fase Memorial Scholarship

A Scholarship for Children and Grandchildren
of DPHA Member Employees

DPHA Council of Fellows Scholarship Foundation

Established in 2008 by the DPHA Council of Fellows, the Scholarship Foundation honors the memory of all industry leaders and is presented at the DPHA Annual Conference and Product Showcase held in October. The Scholarship Foundation consists of a significant monetary award to further the college or postgraduate education of a child or grandchild of any individual working at a Decorative Plumbing & Hardware Association (DPHA) member business. Everyone who works for a DPHA member is eligible to have their children or grandchildren apply.

Background

The Decorative Plumbing & Hardware Association is a cutting-edge nonprofit organization whose mission is to create competitive advantages for its members by advancing the business and professional development of dealers, manufacturers, manufacturer's representatives and others involved in the decorative plumbing and hardware industry.

DPHA has developed a number of initiatives that benefit its members and the industry that include education programs, technology tools, marketing materials and business practice guidance for members. Since its inception in 2001, DPHA's success can be traced directly to the generosity of its members: individuals and organizations that have freely given of their time, talent and wisdom, in addition to their funds. DPHA is confident that this same spirit will make the DPHA Council of Fellows Scholarship flourish and become an award worthy of its namesakes.

Companies and individuals who wish to make a tax-deductible donation to the DPHA Council of Fellows Scholarship Foundation should contact DPHA, at 7508 Wisconsin Avenue, 4th Floor, Bethesda, MD, 20814, 1.866.623.6180 (F) or via email at jbabbitt@dpha.net.
