

## The Afora Dental Plan.

### How is this different than traditional dental insurance?

#### 01 Cost.

Lower Annual Premiums means savings for your company.

#### 02 Quality Care.

Traditional 'discount' dental plans are built on a network of poor quality Providers. We believe that Providers in the Afora network should be of a quality that you would send your own family to.

#### 03 Flat and Fair Pricing for your Employees.

For additional work needed, like a filling. Employees gain a meaningful benefit and can save hundreds annually versus most other plans.

### What does the plan cover?

#### 01 Basic Plan.

- Includes 2 cleanings, a comprehensive annual exam, and X-Rays
- Flat and transparent fee schedule for any additional work needed
- Access to high-quality Provider network

#### 02 Premium Plan.

- Includes 4 cleanings, a comprehensive annual exam, and X-Rays
- \$150 off whitening services (unlimited use at participating Providers)
- \$1000 off comprehensive Orthodontics services (at participating Providers)
- Flat and transparent fee schedule for any additional work needed
- Access to high-quality Provider network

### What are the costs as an employer?

01 The Basic Plan is \$20 per employee per month, or \$240 per employee, per year.

02 The Premium Plan is \$40 per employee per month, or \$480 per employee, per year.

*Afora also offers a direct-pay option for employees.*
