

## SITUATIONAL INFORMATION REPORT FEDERAL BUREAU OF INVESTIGATION

### Potential Activity Alert

DETROIT DIVISION

Approved for Release: 11 September 2017

SIR Number: SIR-00118764554

### (U//FOUO) Potential Disruptions to Interstate Highway Traffic During the Week of 3 - 8 October 2017

SOURCE: (U) A contact who is reporting for the first time.

(U) This Situational Intelligence Report is being disseminated to inform law enforcement of potential disruptions to interstate highway traffic throughout the United States during the week of 3 - 8 October 2017.

(U) The following alleged criminal activity is based on FBI reporting.

(U//FOUO) As of 6 July 2017, a known activist in the trucker community expressed a desire to disrupt vehicle traffic by using commercial trucks to shut-down interstate highways across the United States during a planned trucker protest scheduled in Washington, D.C., the week of 3 - 8 October 2017. The activist and other truckers within the industry are upset about proposed rule changes in which all commercial trucks will be required to have electronic logging devices installed to monitor each truckers' actual drive time hours as well as work breaks in order to ensure adherence to laws and regulations. The activist and other truckers want to bring national attention to the issue and have coined the protest "Operation Black and Blue."

(U) Law enforcement agencies with additional information may call the Grand Rapids office of the FBI at 616-456-5489.

**(U) Warning: This is an information report, not finally evaluated intelligence. It is being shared for informational purposes but has not been fully evaluated, integrated with other information, interpreted or analyzed. Receiving agencies are requested not to take action based on this raw reporting without prior coordination with the FBI.**
