Corporate culture refers to the shared values, attitudes, standards, and beliefs that characterize members of an organization and define its nature. The path to creating a culture of engagement is as hard to define as culture itself, and it is a path that has no end. When Tosca began operations in 1958, it was a much smaller company with 1 location and a handful of employees servicing 1 supply chain. Back then the concept of culture was much simpler to define and describe. Today, the thriving Tosca organization has grown to over 600 team members spread across 16 different locations, servicing 4 very different supply chains, with year over year double digit growth, and the complexities of creating company culture has grown with it. Join us for this webinar, in which Mike Wasson with Tosca will share some of their lessons and best practices learned from this journey, which are applicable no matter the size or complexity of your company, or of the role you play in your organization. In fact, Tosca’s success in sharing and living company values was recently recognized by the Atlanta Journal Constitution as one of the [2018 Top Workplaces in Atlanta](#). Join our webinar to learn more about what makes Tosca a special place to work.

Featured Speaker:

Mike Wasson
Vice President
Supply Chain & Operations
Tosca

Spotlighting the best in all things Supply Chain: the people, the technologies, the best practices and the critical issues of the day.

LIVE WEBINAR on August 21st, 2018

“Creating a Culture That Attracts Top Supply Chain Talent”

Mike Wasson

VP/Supply Chain
and Operations

Mike Wasson joined Tosca as Vice President of Supply Chain & Operations in October, 2014. In his role, he provides leadership and direction to all supply chain & plant operations functions including supply chain optimization, logistics, customer service, corporate safety and food safety, and service quality. Wasson has 20+ years of broad-based supply chain and operations experience in large size organizations, including leadership roles with Coca-Cola Refreshments, DHL Express – U.S.A., Roadway Express, Inc., and Hammacher Schlemmer, Inc.

Wasson earned his Bachelor of Science in Business Administration -Marketing from Lewis University in Romeoville, IL and is an APICS Certified Supply Chain Professional. In addition, Wasson serves on the national APICS Board of Directors as well as the Board of directors for the Reusable Packaging Association, where he is currently the Secretary/Treasurer. He is married with one daughter and resides in Woodstock, GA.
