

# OnTarget Teambuilding LLC

---

OnTarget Teambuilding and the Carey Institute have partnered to offer your work group a team building experience they will never forget at a price your company can afford.

Bring your team to a beautiful 100 acre rural estate less than 40 minutes outside of Albany to experience action-based team building from the area's leader in organization development.

Choose from either 2 or 3 hour team building sessions that include a focused debrief designed to bring your team's "lessons learned" back to the workplace. Then treat your staff to a gourmet lunch from the Carey Institute's Carriage House restaurant.

*All this at a 20% discount off our regular rates!*

Don't miss this opportunity to give both you and your staff a relaxing country retreat and a dynamic team building experience.
