

Bethlehem Open Space Conservation Planning

Public Workshop #1

When? Thursday, October 12th at 6:00 PM – 8:00 PM.

Where? Five Rivers Environmental Education Center
(the new building!) @ 56 Game Farm Road in Delmar.

Who? Everyone who lives, works and plays in Bethlehem has a stake in how our community grows and changes – please join the discussion!

What will be discussed? You will be invited to review and discuss, in an “open house” format, four Open Space Values Maps and a DRAFT Open Space Priority Areas Map, along with other supporting conservation information. There will be a presentation of the maps and the criteria used to identify the priority conservation areas, followed by a Q & A. Ultimately, these data-driven maps, modified to reflect public input, will be used to develop and implement a town-wide Open Space Plan and Program that will help inform potential conservation opportunities when they arise through willing landowner conservation interest.

Thank you for your participation!

Want to find out more?

Visit Bethlehem’s website: www.townofbethlehem.org
(Open Space Planning tab), or contact Karen Shaw at
518-439-4955 x 1106, or OpenSpace@townofbethlehem.org.

We look forward to hearing from you!
